

Webpage Design Midterm Exam 2014

Mr. Donatelli

50 Points

Directions: You are going to create from scratch a basic webpage for the Dallastown Wildcat Football team. The completed website is attached. It should look exactly like it when done! Good Luck ☺

- **Part 1: Setting up your website**

1. Create a new folder either on your flash drive or Skydrive that is titled "Midterm."
2. Open Notepad and save the document as home.txt and home.htm.
3. Login to Moodle and download the wildcats.jpg in the midterm folder. "Right click, save as in your midterm folder."
4. Now you are ready to begin coding your website. **Remember, as you are building it out, continue to save as home.txt and home.htm to check for progress!**

- **Part 2: Building the site**

1. Insert your **basic tags** and save. <html>, <head>, <title>, and <body>. Don't forget to close them.
2. Inside of the head tag, **put a comment** in that says "Midterm Exam, NAME, and Period."
3. Inside of the **title tag** put "Dallastown Football".
4. Inside the body, **insert and center the "wildcats.jpg" image**. You also need to put in the alt text. Don't forget to close the center tag.
5. Insert a **hr tag** for a break.
6. You need **to insert and center three hyperlinks** "[Home] , [Schedule] , [Roster]" Use the href tag to help you. You do not need to space them out!
7. **Insert a h1 tag that says "Welcome" and is blue.**
8. **Insert the following text:** *"Welcome to the Dallastown Wildcats Football team website! Here you will find information regarding important dates, the 2014 schedule, and a roster. Please email Coach Ron Burgundy with any questions at ron@channel4news.com. Thanks for stopping by!"*
9. **Bold** "Dallastown Wildcats Football"
10. **Insert a h1 tag that says "Important Dates" and is blue.**
11. **Insert an unordered list that has three bullet points.** Don't forget to close your list tag!
 - February 1st: Lifting starts M-TH from 3 till 4:15 in the weight room
 - March 5th: Team combine 8 am at the stadium
 - April 20th: Wildcat Trash Clean-up at 8 am
12. **Insert a hr tag for a break.**
13. **Insert an address tag.** Inside of it, please put "700 New School Lane, Dallastown, PA 17313 717-244-4021. After each line, you need to **insert the symbol** given in the tags sheet. Don't forget to close the address tag!
14. When you are done, **please save as home.txt and home.htm.** Make sure everything works and looks exactly like the example.
15. Please print your code and website in color to Mrs. Nobile's room 316. Staple the rubric to the front of the two documents and turn into me for grading.

Webpage Design Midterm Rubric
