Directions:

- In notepad, you are to create your current class schedule using a table. The table should look like the example below. Don't forget to mark row and column groups and give the table a border. You do not need any color but if you want to add, I will give a bonus point. Also, you are to hyperlink text to the Dallastown homepage. When done, show me on screen for a grade.

Evaluation:

- 10 points: Layout & Content

2013-2014 Class Schedule			
Your Name			
Period	Time	Class	Teacher
1	7:45-8:30	Accounting I	Mr. Donatelli
2	8:36-9:18	Intro to Business	Mrs. Nobile
All the way through			

Below your table provide a hyperlink
(Ex: **Click here** to visit the Dallastown Website)

Hints:

- You will need to colspan the first and second row by four.
- Use a <th> tag to make class schedule bold.
- The border goes in the table tag.
- Use w3schools if you are having issues.
