

# Art Major Sketchbook Assignment #13

1. **Facial Feature Shaded:** Using your mirror, draw the following facial features: 2 eyes, 2 nose, 2 mouths and 2 ears. Plus do one combination (example nose and mouth, or eye and nose) In value. Consider the area around the facial feature as well. This will help give the object volume and depth.

**VALUE DRAWING.** Remember that a value drawing is created by the lights and darks of the object you are looking at. The light area is defined by the dark. There are no lines in a shaded drawing.
