

Art Major Sketchbook Assignment #15

Image Out of Words: Pick an image and develop that image out of the letters and words that make up the image. The image should look like the image but instead of shading with a pencil you will use words in larger and smaller fonts to create the shadow. This will be mounted as a project.

Visit this site to see some amazing examples. If you click on the sample you can then click on the image to zoom in closer. Have fun and be creative.
