

Art Major Sketchbook Assignment #19

Personal Repeated Object:

Choose an interesting object to draw.

*It must be cropped and touch at least 3 of the 4 edges of the paper.

*It should be 4X6in or 5X5in in size.

* The object will be drawn in contour, noting the highlights and shadows

* You will trace the original contour drawing 6 times.

* You will then complete each drawing using only one element in each one. (6 total drawings, one using only line, one using only texture, one using shape etc).

- | | |
|--------|---|
| Line: | A mark with greater length than width, can be straight (vertical, horizontal, or diagonal), curved, wavy, zigzag, and can be thick or thin. |
| Shape: | A closed line. Can be geometric, organic, or biomorphic. Shapes are flat and can be expressed in length and width. |
| Form: | 3-dimensional, Length, width and depth. |
| Space: | is the area between and around objects, this space is referred to as negative space. In art Space can also refer to the illusion of depth. |

- Color: Light reflected off objects. Its main characteristics are Hue, The name of the color like blue; Value, how light or dark it is; Intensity, how bright or dull it is.
- Value: differences in a hue or neutral ranging from lighted to darkest.
- Texture: How something feels or is perceived to feel

HAVE FUN! Choose an object that you really like or that you think would be challenging. OH, look in a toolbox, you'll be surprised by the visual interest and intricacies some screws or a wrench have to offer if you really take the time to actually look and see them. Do not pick something like a box. The object **MUST** be VISUALLY INTERESTING.
